## Flipped Classroom:

Students will be required to watch videos and make notes as homework for this class. The information in these videos is essential to complete the activities in class. This will allow students to spend the time they need with lesson material, increase chances to seek clarification in class, additional opportunities to apply their knowledge and understanding in the classroom as well as more time for individual teacher interactions.

**Please watch the explanatory video on the class website for more information.**

Period 1/2 class code: **ugeokiw**

Period 5/7 class code: **ujfowru**

## Blog / Science Around Me Posts:

For every **2 posts** you can earn a Science Around Me “Bonus” Mark.

- You may only post **ONCE** a week
- Find a unique example of the “topic of the week” in the world around you (ex. Comic, tv show, movie, book, magazine, newspaper article...) and write about it. Describe how the scientific topic was used, discussed, portrayed and/or what happened
- Must Include: Reference or a link required as part of the post

## Academic Standards:

It is your responsibility to provide evidence of your learning within established timelines. Due dates for assignments and the scheduling of tests will be communicated well in advance to allow you to plan your time.

**If you are unable to meet a timeline you must discuss with Ms. Loree the challenges you’re facing as far in advance as possible.**

### **OVERDUE (LATE) EVALUATIONS:**

- A **late penalty of 10% per day** will be applied to late assignments.
- Once the assignment has been **evaluated and returned** to the rest of the class, it will **no longer be accepted** for grading and a mark of “zero” will be assigned.
- A **missed test** will result in a mark of “**zero**” unless a note or phone call is received from a parent/guardian or prior approval has been granted. If approved, a missed test must be written in **the student’s own time** at a teacher appointed, predetermined time and date.

**CHEATING AND PLAGIARISM:** Students must be made aware of and held accountable for academic honesty. It is academically dishonest to take credit for any work, fact or idea that is not your own, or allow others to do so with your work. This is a form of cheating. Academic dishonesty is an offence for which serious consequences will be imposed. **Students have access to, and are encouraged to use, Turnitin to check their work to ensure it is not plagiarized.**

- **Students who cheat or plagiarize will receive a grade of zero (0%) and will be subject to further disciplinary actions by school administration.**
