

Topic 8: Acids & Bases

CHARACTERISTICS	ACIDS		BASES (Alkalines)
What ion does it contain?			
Is it water soluble?			
How does it taste?			
How does it feel?			
Does it conduct electricity?			
What does it react with?	Metals		
	Carbonates		
How to make it?			
Industrial importance?			
Naming	Binary	Oxyacid	
Formulas			

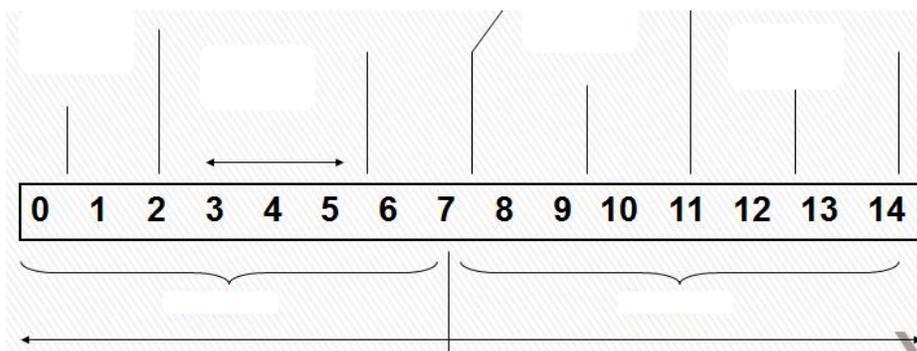

pH & Neutralization

Indicator:

Indicator	Colour in Acid	Colour in Base
Bromothymol Blue		
Phenolphthalein		
Red Litmus		
Blue Litmus		

The pH Scale:

Neutralization:
