OPTICS Unit Deadlines & Formal Assessments

All labs & assignments must be completed in class and are due at the end of the in-class work period(s).

LABS (completed in class only)	DATES
Ray Diagram Assignmentt	Friday Nov. 29 th
Curved Mirror Lab	Friday Dec. 6 th
Refraction Mini-Lab	Thursday Dec. 12 th
Converging Lens Lab	Tuesday Dec. 17 th

≥ 80% or a minimum of TWO attempts on ALL mastery checks required BEFORE a unit test

SUMMATIVE EVALUATION	DATE	Late Test Date
Unit Test	Wednesday Dec. 18 th	TBA <u>Prior Approval Required</u>

In order to be considered to write the test on the “late test date” an application must be completed, signed by a parent/guardian and submitted 3 days PRIOR to the test date.

A completed application does not guarantee acceptance to write at the later date.

Mastery Checks:

- Mastery Checks may be attempted more than once and are not considered complete until ≥ 80% is achieved.
Extra practice must be completed & shown to get another code.
- Must be written during class or after school during supervised extra help times.
- Keep track of the number of attempts on the unit checklist
- Must be attempted as you progress through the topics –DO NOT let them accumulate until the end of the unit. You may run out of time!
