

## Cell Organelle Trading Cards

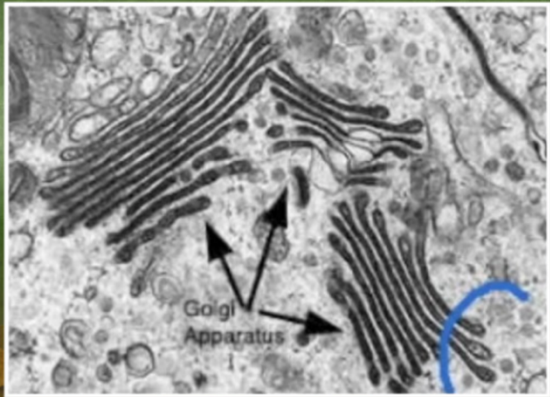

The **IntelloCell Research Institute®** has approached the **Loreescience Trading Card Company®** to produce **Cell Organelle Trading Cards™**. **IntelloCell Research Institute®** expects these trading cards to be *hot* sellers during this prolonged isolation period since interest in cells has skyrocketed online.

You will design a “trading card” for 4 of the cell organelles from your organelle note. Each trading card will be part of a complete cell plant or animal cell when all cards are collected, creating cellular excitement for young and old!

The trading card will feature an actual picture of the organelle taken through a microscope on the top & information below.

**Organelle Name**

**Key function**

- ☐ *Analogy (ie. It is like a...because...)*
- ☐ *2 additional pieces of researched information*
- *Name of websites research is from*

You will use the website [www.bighugelabs.com/deck.php](http://www.bighugelabs.com/deck.php) to make your cards OR you can create them by hand.

1. Find an image of the organelle under a microscope. It should be the only one in the image or clearly labelled.
2. Upload image
3. Information must include:

**Title** = name organelle

**Sub-title** = key function (**in your own words**)

**Description:**

Analogy – ie. It is like a... because....

2 additional pieces of **researched** information – more detail than in notes (**in your own words**)

Name of websites research is from

4. Click **Create**
5. **Screenshot image** or Click **Download**
6. Submit images in Edsby via messages
7. Repeat for next 3 organelles

You can put all images in on e file & submit once if it is easier.

## Cell Organelle's Trading Cards Rubric

Required Information	Score	Total
Picture of Organelles	<b>1 2 3 4</b>	<b>/24</b>
