

# Cell Organelle Trading Cards

You will design a “trading card” for **4** of the cell organelles from your organelle note.

You can use the website [Trading Card Creator](#) (needs FLASH) OR [www.bighugelabs.com/deck.php](http://www.bighugelabs.com/deck.php) to make your cards OR you can create them by hand.

<a href="#">Trading Card Creator</a> (needs FLASH)	<a href="http://www.bighugelabs.com/deck.php">www.bighugelabs.com/deck.php</a>
<ol style="list-style-type: none"> <li>1. Enter organelle name as Topic</li> <li>2. Select “Create Your Own” type</li> <li>3. Find an image of the organelle under a <b>microscope</b>. It should be the only one in the image or clearly labelled.</li> <li>4. Section 1: key function(s) (<b>in your own words</b>)</li> <li>5. Section 2: Analogy</li> <li>6. Section 3: 2 additional pieces of <b>researched</b> information – more detail than in notes (<b>in your own words</b>)</li> <li>7. Section 4: Name of website<sub>s</sub> research is from</li> <li>8. Section 5: Type of cells it is commonly found</li> <li>9. Click “Finish Editing”</li> <li>10. Click “Add a New Card”</li> <li>11. Repeat for next 3 organelles</li> <li>12. Click “Finish”</li> <li>13. Click “Save Final”</li> <li>14. Submit cards in OneNote → Assignment section → Topic 2</li> </ol>	<ol style="list-style-type: none"> <li>1. Find an image of the organelle under a <b>microscope</b>. It should be the only one in the image or clearly labelled.</li> <li>2. Upload image</li> <li>3. Information must include:                     <ul style="list-style-type: none"> <li><b>Title</b> = name of organelle</li> <li><b>Sub-title</b> = key function(s) (<b>in your own words</b>)</li> <li><b>Description:</b> <ul style="list-style-type: none"> <li>- Analogy – ie. It is like a... because....</li> <li>- 2 additional pieces of <b>researched</b> information – more detail than in notes (<b>in your own words</b>)</li> <li>- Name of website<sub>s</sub> research is from</li> <li>- Type of cells it is commonly found</li> </ul> </li> </ul> </li> <li>4. Click <b>Create</b></li> <li>5. <b>Screenshot image</b> or Click <b>Download</b></li> <li>6. Submit cards in OneNote → Assignment section → Topic 2</li> <li>7. Repeat for next 3 organelles</li> </ol>

## Cell Organelle’s Trading Cards Rubric

Required Information	Score	Total
Picture of Organelles	<b>1 2 3 4</b>	<b>/28</b>
Analogies	<b>1 2 3 4 5 6 7 8</b>	
Key Functions	<b>1 2 3 4</b>	
2 additional pieces of researched information about the organelle	<b>1 2 3 4 5 6 7 8</b>	
References	<b>1 2 3 4</b>
