**Academic Standards:**

It is your responsibility to provide evidence of your learning within established timelines. Due dates for assignments and the scheduling of tests will be communicated well in advance to allow you to plan your time.

**If you are unable to meet a timeline you must discuss this with Ms. Loree as far in advance as possible.**

**OVERDUE (LATE) EVALUATIONS:**

- Penalty of **10% per day** will be applied to late assignments, unless prior arrangements have been made.
- Once the assignment has been **evaluated and returned** to the rest of the class, it will **no longer be accepted** for grading and a mark of “zero” will be assigned.
- A **messed test** will result in a mark of “**zero**” unless a note or phone call is received from a parent/guardian or prior approval has been granted. If approved, a missed test must be written at the teacher appointed time and date.

**CHEATING AND PLAGIARISM:** Students must be made aware of and held accountable for academic honesty. It is academically dishonest to take credit for any work, fact or idea that is not your own, or allow others to do so with your work. This is a form of cheating. Academic dishonesty is an offence for which serious consequences will be imposed, including receiving a grade of ZERO (0%) on the assignment in question. **Students are encouraged to check their work thoroughly to ensure it is not plagiarized.**

- **Students who cheat or plagiarize will be required to complete an Academic Dishonesty Settlement Form.** A copy of the form can be found on the class website. Once completed it will be included in the student’s portfolio.
